

DIRECTORY OF AVAILABLE SERVICES IN THE SIX GHAIN FOCUS STATES

September 2005

Funded by the President's Emergency Plan for AIDS Relief through U.S. Agency for International Development.

This draft directory was produced during the one-day meetings held in the six focus states where the GHAIN project is being implemented. It will be a valuable referral tool for caregivers at all levels and other targeted HIV/AIDS intervention programmes. The input from Howard University would be included in the final document.
